

Money can't buy love. But it can give love room to grow.

You can give a gift of love and hope that will continue for generations simply by including a gift to Youth Services of Windham County in your will. Your planned gift, in the form of a trust, life insurance, property, gift annuity or bequest, will help Youth Services continue to meet the needs of families and children in our community.

It may also provide substantial tax and other financial benefits to your estate.

For information about planned giving options, please contact our Development Director at (802) 257-0361 or visit us online at www.youthservicesinc.org/giving.

Youth Services

LEAVE A LEGACY OF CARING.
